4. How to Order

Federal agencies seeking solutions through NASA SEWP VI should use the NASA SEWP ordering process and tools. A typical ordering workflow is shown below.

	Define Requirement Develop the technical, performance, delivery, and acquisition requirements.
	Confirm Scope Determine that the requirement is within the applicable NASA SEWP VI scope/category.
	Issue Request Submit the requirement through the applicable NASA SEWP process or tool.
	Provide Fair Opportunity Provide eligible contract holders a fair opportunity to be considered as required by FAR 16.505(b), unless an authorized exception applies.
	Evaluate Responses Evaluate quotations or proposals using the ordering activity's stated criteria and acquisition procedures.
	Select & Order Select the appropriate solution/contract holder and issue the order in accordance with applicable procedures.

5. Fair Opportunity

In accordance with FAR 16.505(b) and applicable NASA SEWP VI requirements, ordering activities are responsible for providing eligible SEWP VI Contract Holders within the applicable scope/category a fair opportunity to be considered for an order, unless an authorized exception to fair opportunity applies.

Ordering activities are responsible for determining their acquisition strategy, evaluating responses, making the award decision, and maintaining the acquisition documentation required by applicable rules and procedures.

Numbers Only, Inc. will respond to SEWP VI opportunities that fall within the scope of its awarded contract.

6. Category C - Mission-Based ITC/AV Service Solutions

Numbers Only, Inc. holds a SEWP VI award in Category C - Mission-Based ITC/AV Service Solutions. Requirements and proposed solutions must remain within the scope, terms, conditions, and ordering procedures of the NASA SEWP VI contract.

7. Requesting a Quote
